

For those entering and wishing to practice at Purina: Please provide with your entry:

### **PRACTICE RUNS**

We are endeavoring to set up practice runs prior to the national. IF confirmed, the following will apply. IF confirmed, we will post about it as soon as we can and include additional information with your confirming run schedule.

Practice runs for ENTERED dogs will be available for C course and the French course on April 3 and April 4. You may run ONCE with each entered dog. Every effort will be made to accommodate your preferred day of practice, but it cannot be guaranteed. There will be a \$20.00 fee for practice to cover the set up with the sheep.

Practice runs for ENTERED dogs for A course & test on 3 & 4 will be available. HOWEVER, It will NOT be on the PURINA sheep being used for the A or B course trials due to their non-availability. Practice may be possible at alternate locations at Rottiewe or at Whiskey Creek.

Practice at Purina will be \$20.00. You may run ONCE with each entered dog.

There will be no practice available for duck runs.

There will be a \$20.00 fee for practice to cover the set up with the sheep. Payment will be collected on the day of practice.

Please use the following to indicate dog, course & level, which day you prefer and if you can come the other day if we cannot accommodate the first choice.

## Other sites offering practice

If anyone is interested in working at my place, they can contact me directly to set up a time. The fee would be \$20 per 1/2 hour session. Although I do not have areas set-up with specific courses, I do have 25 head of dog broke sheep, a large round pen, and two fenced areas, (120' x200' and 200'x400') designated for herding. I also have larger fields for B-course (12-30 acres), but don't believe I would offer these in this instance. The 200x400 field is suitable for B-course practice and has a freestanding pen. I also have a 50x100 duck pen and a very limited number of call ducks. I should be able to offer time slots on Thursday, since we are not doing anything specialty related at Purina Farms. Any other availability would depend on how much I am needed at Purina.
